

**Powering Industries With
Complete Tooling Solutions**

• About Us

At Shandriix, precision meets innovation and reliability. Supported by years of hands-on industry expertise, we offer high-performance industrial tools engineered to maximize productivity, minimize costs, and elevate manufacturing efficiency. Our technical excellence and commitment to quality ensure consistent performance and customized solutions for evolving industrial needs.

• Why Choose Us

15+ Years of Expertise

Backed by deep experience in cutting tool engineering and real-world applications.

High-Quality Products

Premium carbide endmills, drills, inserts, and saw blades designed for superior accuracy and performance.

Cost-Effective Solutions

Optimized tooling strategies that help reduce your tool cost per component without compromising results.

Technical Support

Expert application guidance and engineering support tailored to your machining needs.

Innovative Approach

Advanced tools and modern techniques that boost machining efficiency and productivity.

Customer-Centric Focus

A commitment to delivering solutions that enhance your output, quality, and overall manufacturing performance.

• Our Products

1.
Bandsaw Blades

2.
Inserts

3.
Holder & Collets

4.
Carbide Rods

5.
Circular Saw

6.
Holesaw

7. Endmill and Drills
